

OIL & GAS POWER GENERATION

YEAR	PROJECT	DESCRIPTION	CLIENT
2016	Augusta (SR)	Technical assistance and reporting: measurements and tests on site of electrical generation plant	CARLO GAVAZZI IMPIANTI SpA
2014	Sierra Leone Navy oil plant	Bid Technical SPC for 24 MWe navy oil	PIAGGIO SERVICE s.r.l.
2011	Lombardia Combined cycle plant	200 MWe Combined cycle. Independent evaluation.	C.V.A. S.p.A.
2010	Algeria - General Electric Turbine	General Electric Turbine survey in Algeria	DEL SANTO
2010	Puglia - Combined cycle plant	Performance test procedure for 400 MWe combined cycle	ANSALDO ENERGIA SpA
2010	Lombardia Combined cycle plant	Commissioning Engineering for a 800 MWe combined cycle	ANSALDO ENERGIA SpA
2010	Puglia - Combined cycle plant	Commissioning Engineering for a 400 MWe combined cycle	ANSALDO ENERGIA SpA
2009	Puglia - Combined cycle plant	400 MWe combined cycle - independent evaluation	CVA S.p.A.
2009	Combined cycle plant	Commissioning Engineering for large combined cycle (Standard)	ANSALDO ENERGIA SpA
2009	Lombardia Combined cycle plant	Commissioning Engineering for a 800 MWe combined cycle	ANSALDO ENERGIA SpA
2009	Puglia - Combined cycle plant	Commissioning Engineering for a 400 MWe combined cycle	ANSALDO ENERGIA SpA
2008	Lombardia Combined cycle plant	Technical Review for a 125 MWe combined cycle	RINA INDUSTRY S.p.A.
2008	Piemonte Combined cycle plant	Commissioning Engineering for 800 MWe combined cycle	FATA S.p.A.
2008	Piemonte Combined cycle plant	Commissioning Engineering for 800 MWe combined cycle	ANSALDO ENERGIA SpA

YEAR	PROJECT	DESCRIPTION	CLIENT
2008	Piemonte Cogeneration plant	Due diligence for n. 2 gas cogeneration plants	RINA INDUSTRY / CENTROCALOR srl
2008	Algeria Open cycle plants	Commissioning Engineering for n. 2 open cycle plants 800MWe	ANSALDO ENERGIA SpA
2008	Algeria Open cycle plant	Commissioning Engineering for open cycle plant	ANSALDO ENERGIA SpA
2008	Libia Open cycle plant	Commissioning Engineering for open cycle plant	CARLO GAVAZZI IMPIANTI SpA
2008	Campania - Plant	Bid technical specification for a 125 MWe plant	SADELM I S.p.A.
2008	Algeria Open cycle plant	Operation procedures for N°3 open cycle plant	SIRTIS s.r.l.
2008	Plant strategy	MID – MERIT Plant strategy	CVA S.p.A.
2008	Sicilia Loss evaluation	Loss evaluation for train 1 IGGG ISAB Energy	LERCARI s.r.l.
2008	Puglia Loss evaluation	Loss evaluation for L.V. cables 800 MWE	LERCARI s.r.l.
2007	Steam cycle power plant	Basic design for a steam cycle power plant	LUCCHINI S.p.A
2007	Toscana - Plant	Bid Technical specification for a 100 MWe power	PAUL WURTH S.p.A.
2007	Piemonte Combined cycle plant	Commissioning engineering for a 800 MWe combined cycle	ANSALDO ENERGIA SpA
2006	Marche Cogeneration plant	Feasibility study for a 110 MWe cogeneration plant	RETIA S.p.A.
2006	France Gas boiler	Operation manual for n°2 gas boilers	SIRTIS s.r.l.
2006	Sicilia Cogeneration plant	Operation and maintenance review for a 150 MWE cogeneration plant	RINA INDUSTRY S.p.A
2006	Piemonte Combined cycle plant	Technological assessment for a 800 MWe combined cycle	CVA S.p.A.

YEAR	PROJECT	DESCRIPTION	CLIENT
2006	Toscana Combined cycle plant	Feasibility study for combined cycle in a still mill	SAVESTAL s.r.l. (LUCCHINI S.p.A.)
2006	Italy - Combined cycle plants	Commissioning engineering for combined cycles	ANSALDO ENERGIA SpA
2005	Calabria Combined cycle plant	Technical investigation for an accident occurred in 800 MWe combined cycle	LERCARI s.r.l.
2004	Altomonte Combined cycle plant	Commissioning engineering for a 760 MWe combined cycle plant	INTERSERVICE s.r.l.
2001-2003	Molise Combined cycle plant	Basic design for a 750 MWe combined cycle including preparation of the SIA	ENERGIA S.p.A.
2001-2003	Lombardia Combined cycle plant	Basic design for a 375 MWe combined cycle including preparation of the SIA	SOLE s.r.l.
2001-2003	Sardegna Cogenerating plant	Basic design for a 100 MWe cogenerating plant	ASTER S.p.A.
2001-2003	Calabria Combined cycle	Basic Design for a 800 MWe combined cycle	EUROSVILUPPO ELETTRICA s.r.l.
2001-2003	Calabria Combined cycle	Owner Engineer (phase 1) for a 800 MWe combined cycle	EUROSVILUPPO ELETTRICA s.r.l.
